OMAHA AIRPORT AUTHORITY
REQUEST FOR PROPOSALS
WASTE/RECYCLE COMPACTORS
Eppley Airfield - Omaha, Nebraska

TABLE OF CONTENTS

Request for Proposal	RFP 1 - 3
Invitation to Propose	ITP 1
Instructions to Proposers	IP 1 - 2
Proposal Form	PF 1 - 2
Agreement Between Owner and Contractor	A 1 – 8
Appendix 1	AP 1 - 5

REQUEST FOR PROPOSALS
WASTE/RECYCLE COMPACTORS
OMAHA AIRPORT AUTHORITY

The Omaha Airport Authority is soliciting proposals (on the Contractor's Proposal Form attached hereto) in keeping with its belief that such a process best serves the interests of the Omaha Airport Authority, and the general public. The Omaha Airport Authority reserves the right to accept any proposal, to reject any or all proposals, to modify or amend, with the consent of the Contractor, any proposal prior to acceptance and to effect any agreement otherwise, all as the Omaha Airport Authority, in its sole judgment, may deem to be in its best interest and in the best interest of the public.

Proposals must exclude Nebraska sales and use taxes including City of Omaha sales taxes. The Omaha Airport Authority will provide any necessary Nebraska tax exempt forms to the Contractor.

The Contractor's Proposal Form with any attachments thereto must provide a minimum of three references for projects provided to others in the Omaha Metropolitan Area (within 150 miles of the city).

SUBMISSION OF PROPOSALS

Completed proposals using the Contractor's Proposal Form provided herein (and any attachments) must be received by 2:00 p.m., Monday, November 9, 2026. Proposals will be received electronically and should be sent to Procurement@flyoma.com, subject line "OAA WASTE/RECYCLE PROPOSAL SUBMISSION".

Proposals will not be accepted after 2:00 p.m. A contract will be awarded to the firm submitting the most responsible and responsive proposal.

SCOPE OF PROJECT

The scope of project contains the purchase of one (1) new self-contained waste compactor for general waste and two (2) new self-contained waste compactors for recycling (one at the north concourse and one at the south concourse) with a warranty period of three (3) years. This project will also include removal and disposal of one (1) general waste compactor currently located at south concourse. See Appendix No. 1 for location photographs and specifications.

The Omaha Airport Authority is seeking a manufacturer's authorized representative who has trained and approved personnel for installation and units provided. Quality, first-line products must be used in the provision of this equipment. No used, refurbished or aftermarket components will be allowed.

SCOPE OF AGREEMENT

The Agreement is to cover providing and installing three (3) new self-contained waste/recycle compactors at the north and south concourses as per the Scope of Project with a warranty period of three (3) years. This project will also include the removal and disposal of one (1) general waste compactor. See Appendix 1 for location photographs and specifications.

PROPOSAL

In addition to being the most responsible and responsive proposal, the acceptance of a proposal will also be based upon the proposal cost. Proposal must identify any exceptions, if applicable, that are considered outside the scope of the proposed agreement.

INSURANCE

Contractor must provide certificates of insurance to include, naming the Omaha Airport Authority as an additional insured for those insurances listed in Section J of the Proposed Draft Agreement. In the event coverage is cancelled, non-renewed, or modified, notice must be given to the Authority. Such insurance policy will be considered primary insurance as to any other valid and collectible insurance or self-insurance retention the Omaha Airport Authority may possess or retain. Any insurance coverage maintained by the Omaha Airport Authority shall be considered excess insurance only.

INSPECTION

Pre-proposal inspection of the location for the equipment is available and may be arranged by calling Jesse Minturn (402) 321-5711 or his representative. Inspections will be scheduled during normal business hours prior to RFP submittal date of November 9, 2026.

SECURITY REQUIREMENTS

The Omaha Airport Authority will issue security badges to individuals with the need for unescorted access authority to the Contractor at no charge, or the OAA will provide escorts for secured area access based on the duration of the work. An Omaha Airport Authority sponsorship and Authorized Signatory is required for each company. A fingerprint background check is required for each contractor requesting an Omaha Airport Authority Id Badge. A fingerprint background investigation requires two forms of acceptable identification. Upon clearance of a Criminal History Check and a STA (Security Threat Assessment), the employee will be required to attend any applicable training sessions by making an appointment with the Omaha Airport Authority Badging Office. If an employee does not receive clearance (the costs incurred related to the fingerprinting will be assessed to the Contractor for any employee not receiving clearance), a badge will not be issued, nor may the applicant be escorted for duty.

Any fines or violations, levied by the Federal Aviation Administration (FAA) or the Transportation Security Administration (TSA) as a result of the Contractor's failure to follow Omaha Airport Authority, FAA, or TSA Regulations, will be assessed to the Contractor. Violations issued by the Omaha Airport Authority may result in the termination of access authority.

All badges must be returned to the Omaha Airport Authority Badging Office upon the termination date of any Contractor's employee and at the completion of this contract in order to receive final payment. Failure to return a badge will result in a monetary fine for each unreturned badge and will be invoiced to the Contractor. T

FEDERAL REQUIREMENTS

The Contractor will follow and abide by the Federal Requirements that are included in the Agreement.

INVITATION TO PROPOSE
WASTE/RECYCLE COMPACTORS
OMAHA AIRPORT AUTHORITY

The Omaha Airport Authority, Omaha, Nebraska will receive proposals for the project titled Waste/Recycle Compactors.

The scope of project contains the purchase and installation of one (1) new self-contained waste compactor for general waste at the south concourse and two (2) new self-contained waste compactor for recycling (one at the north concourse and one at the south concourse). This project will also include removal and disposal of one (1) general waste compactor.

Proposals will be accepted electronically until 2:00 p.m., Monday, November 9, 2026. Proposals should be sent to Procurement@flyoma.com, subject line "OAA WASTE/RECYCLE PROPOSAL SUBMISSION".

A pre-proposal site inspection of the location for the equipment is available and may be arranged by calling Jesse Minturn (402) 321-5711 or his representative, prior to the proposal submittal date.

Request for Proposals and any appendices can be found at <https://www.flyoma.com/rfps-and-rfqs/>.

The Omaha Airport Authority reserves the right to reject any and all bids and to waive informalities or irregularities in the bidding process.

INSTRUCTIONS TO PROPOSERS

1.1 DESCRIPTION OF WORK

This work will include providing and installing three (3) new self-contained waste compactors - one (1) new self-contained waste compactor for general waste and two (2) new self-contained waste compactor for recycling, one at the north concourse and one at the south concourse, with a warranty period of no less than three (3) years. The scope of work will also include removal and disposal of one (1) general waste compactor, currently located in the south concourse ramp area. See Appendix No. 1 for location photographs and specifications.

1.2 RECEIPT OF PROPOSALS

Proposals will be accepted electronically until 2:00 p.m., Monday, November 9, 2026. Proposals should be sent to Procurement@flyoma.com, subject line "OAA WASTE/RECYCLE PROPOSAL SUBMISSION".

1.3 PROPOSALS

Proposals must be in compliance with paragraph 1.5. A proposal form has been included in these documents.

1.4 EXAMINATION OF CONTRACT DOCUMENTS

A. Inspection of Site

1. Before submitting a proposal, each Proposer must (1) examine the contract documents thoroughly, (2) familiarize oneself with Federal, State and local laws, ordinances, rules and regulations affecting performance of the Work, and (3) carefully correlate observations with the requirements of the contract documents.
2. A pre-proposal site inspection of the location for the equipment is available and may be arranged by calling Jesse Minturn (402) 321-5711 or his representative, prior to the proposal submittal date

- B. The submission of a proposal will serve as a representation by the Proposer that they have complied with the requirements of the above Section 1.4.A.

1.5 PREPARATION OF PROPOSALS

A. Proposals not conforming to the following requirements may be rejected.

1. Proposals must be made on the forms provided with the contract documents.
2. Proposals forms must be filled out completely including alternates, if any, and free from ambiguity as to their intended meaning.
3. Proposals must be free of alterations and erasures.

4. Each proposer shall specify in their proposal the total cost for one (1) new self-contained waste compactor for general waste and two (2) new self-contained waste compactors for recycling at the north and south concourses as well as cost of removal and disposal of one (10) general waste compactor. See Appendix No. 1 for location photographs and specifications. Price must include cost of the warranty provided if not included in compactors cost.
5. Proposals must be properly signed by the proposer, or by an authorized officer or agent, when made by a corporation.
6. When a proposal is made by a firm or co-partnership, it must be signed by one of the co-partners, or by an attorney-in-fact. If signed by an attorney-in-fact, there shall be attached to the proposal, a power of attorney evidencing authority to sign the proposal.
7. Proposals shall be submitted electronically to Procurement@flyoma.com by 2:00 p.m., Monday, November 9, 2026. Proposals should be submitted with a subject line of: "OAA WASTE/RECYCLE PROPOSAL SUBMISSION".

1.6 NEBRASKA SALES AND USE TAX

The Omaha Airport Authority is exempt from paying Nebraska sales and use taxes including City of Omaha sales taxes. The Contractor awarded a contract will be provided with Nebraska Form 13, Nebraska Resale or Exempt Sale Certificate and Nebraska Form 17, Purchasing Agent Appointment with the executed contract.

1.7 EXECUTION OF AGREEMENT

The Contractor whose proposal is accepted shall enter into a written Agreement for the performance of the work.

PROPOSAL DRAFT - FINAL TO BE COMPLETED AFTER CONTRACT AWARD

WASTE/RECYCLE COMPACTORS

AGREEMENT BETWEEN
OWNER AND CONTRACTOR

This Agreement, entered into as of this _____ day of _____, 2026, by and between

the OWNER
Omaha Airport Authority
1519 E. Hartman Court
Omaha, Nebraska 68110
(402) 661-8000

and the CONTRACTOR

for the following WORK

Waste/Recycle Compactors
Eppley Airfield, Omaha, Nebraska 68110

The OWNER and CONTRACTOR agree as set forth below:

A. SCOPE OF WORK

The Contractor agrees to furnish all materials, tools, equipment, labor and necessary supervision to perform the service for the work as set forth herein for one (1) new self-contained waste compactor for general waste and two (2) new self-contained waste compactor for recycling at the north and south concourses with a three (3) year warranty period. The scope of work will also include removal and disposal of one (1) general waste compactor, currently located in the south concourse ramp area.

B. CONTRACT PRICE

1. The price of this contract will be a lump sum (\$_____), _____ dollars, payable upon presentation of an invoice. No invoices will be paid without completed work in place.
2. The Contractor will provide a schedule, which may be periodically updated, for specific installation of the work.

C. CONTRACT TIME

This Agreement shall commence upon execution of the contract for manufacture, delivery, and installation of compactors. Delivery and installation of compactors and removal of old compactor must occur within sixty (60) calendar days of execution of contract.

D. PERFORMANCE BY CONTRACTOR

UNDER THIS CONTRACTS:

1. The Contractor will use only fully trained, directly employed, and supervised personnel who will use all reasonable care to see that the work is provided and installed in a proper and safe operating condition.
2. The Contractor will ensure the work is protected with all necessary safety procedures.

E. THE CONTRACTOR SHALL

1. Provide and install quality, first-line products in the provision of this work. No used, refurbished or aftermarket components will be allowed.
2. Remove and dispose of one (1) general waste compactor currently located in the south concourse ramp area.
3. Maintain the work areas in a clean condition, and the progress of installation of all dirt, debris and trash relevant to normal construction operations.
4. Coordinate with all other work and activities on-going in the area.
5. Any drawings, blueprints, manuals or wiring diagrams provided by the Owner will be returned to the Owner after the contract period.
6. Contractor personnel shall be manufacturer's authorized who has been trained and approved for installation and maintenance of work provided and use appropriate personal protection equipment and follow safe work practices.
7. Contractor shall follow and abide by the Federal Requirements as listed in Section H of this agreement.

F. EXCEPTIONS:

1. Contractor to provide a list and explanation of any exceptions, if applicable.

G. PERFORMANCE BY THE OMAHA AIRPORT AUTHORITY:

1. The Owner shall not hold the Contractor responsible or liable for loss, damage, detention, or delay caused by labor trouble, strikes, lockouts, fire, flood, acts of civil or military authorities, or by the insurrection or riot, or by any other cause

which is beyond the control of the Contractor.

2. The Owner shall pay the Contractor invoices within sixty (60) days of the due date stated herein unless the parties are working through contested billings.

H. FEDERAL REQUIREMENTS:

1. A.4.3.1 In all its activities within the scope of its airport program, Contractor agrees to comply with pertinent statutes, Executive Orders and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin, creed, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.

This provision binds the Contractor and subcontractors from the bid solicitation period through the completion of the contract. This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

2. A.5.4.2 During the performance of this contract, Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as "Contractor"), agrees as follows:
 - (a) Compliance with Regulations. The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
 - (b) Non-discrimination. The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin, creed, sex, age, or disability in the selection and retention of subcontractors including procurements of materials and leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the Agreement covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21 including amendments thereto.
 - (c) Solicitations for Subcontracts, including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding or negotiation made by Contractor for work to be performed under a subcontract, including procurement of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the contractor's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.
 - (d) Information and Reports. The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Omaha Airport Authority or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information,

the Contractor will so certify to the Omaha Airport Authority or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

- (e) Sanctions for Noncompliance. In the event of a Contractor's noncompliance with the non-discrimination provisions of this contract, the Omaha Airport Authority will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:
 - (1) Withholding payments to the Contractor under the contract until the Contractor complies; and/or
 - (2) Cancelling, terminating, or suspending a contract, in whole or in part.
- (f) Incorporation of Provisions. The Contractor will include the provisions of paragraphs (a) through (f) in every subcontract, including procurements of materials and leases of equipment unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as the Omaha Airport Authority or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Contractor may request the Omaha Airport Authority to enter into any litigation to protect the interests of the Omaha Airport Authority. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

3. A5.4.1 Title VI List of Pertinent Nondiscrimination Acts and Authorities.

- (a) During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:
 - (1) Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);
 - (2) 49 CFR part 21 (Non-discrimination In Federally-assisted programs of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964) including amendment thereto;
 - (3) The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
 - (4) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794 *et seq.*), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27

(Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);

- (5) The Age Discrimination Act of 1975, as amended (42 U.S.C. § 6101 *et seq.*) (prohibits discrimination on the basis of age);
- (6) Airport and Airway Improvement Act of 1982 (49 U.S.C. § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);
- (7) The Civil Rights Restoration Act of 1987, (P.L. 100-259), (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- (8) Titles II and III of the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101, *et seq.*) (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by U.S. Department of Transportation regulations at 49 CFR Parts 37 and 38;
- (9) Title IX of the Education Amendments of 1972, as amended, which prohibits Contractor from discriminating because of sex in education programs or activities (20 U.S.C. § 1681 *et seq.*).

4. Fair Employment. Contractor further agrees to pay all laborers and mechanics for labor that shall be performed, to pay for materials and equipment rental which is actually used or rented in performing the Agreement, to pay to the **Unemployment Compensation Fund** of the State of Nebraska the unemployment contributions and interest due under provisions of Nebraska Law (§§ 48-601 to §§ 48-669) on wages paid to individuals employed, and to comply with the conditions regarding Fair Employment practices, as contained in the Nebraska Statutes, and to comply with the Minimum Wage Scale and Non-discrimination on Basis of Sex, as contained in the Nebraska Statutes in the performance of this Agreement.

1. AIRPORT SECURITY/SAFETY REQUIREMENTS:

1. The Contractor agrees to badge persons following procedures established by the Omaha Airport Authority. The Omaha Airport Authority will issue security badges to individuals with the need for unescorted access authority to the Contractor at no charge, or the OAA will provide escorts for secured area access based on the duration of the work. An Omaha Airport Authority sponsorship and Authorized Signatory is required for each company. A fingerprint background check is required for each contractor requesting an Omaha Airport Authority Id Badge. A fingerprint background investigation requires two forms of acceptable identification. Upon clearance of a Criminal History Check and a STA (Security Threat Assessment), the employee will be required to attend any applicable training sessions by making an appointment with the Omaha Airport Authority Badging Office. If an employee does not receive clearance (the costs incurred related to the fingerprinting will be

assessed to the Contractor for any employee not receiving clearance), a badge will not be issued, nor may the applicant be escorted for duty.

2. Any fines or violations, levied by the Federal Aviation Administration (FAA) or the Transportation Security Administration (TSA) as a result of the Contractor's failure to follow Omaha Airport Authority, FAA, or TSA Regulations, will be assessed to the Contractor. Violations issued by the Omaha Airport Authority may result in the termination of access authority.
3. All badges must be returned to the Omaha Airport Authority Badging Office upon the termination date of any Contractor's employee and at the completion of this contract in order to receive final payment. Failure to return a badge will result in a monetary fine for each unreturned badge and will be invoiced to the Contractor.

J. INSURANCE

1. The Contractor shall obtain and maintain in full force and effect throughout the term of the proposed agreement, the insurance coverage through companies licensed to do business in the State of Nebraska and acceptable to the Airport Authority, as set forth below:

General Liability

Bodily Injury Liability \$1,000,000 per occurrence
Property Damage Liability \$ 500,000 per occurrence
(Or combined single limit) \$1,000,000 per occurrence

Automobile Liability

Bodily Injury Liability \$1,000,000 per occurrence
Property Damage Liability \$ 500,000 per occurrence
(Or combined single limit) \$1,000,000 per occurrence

Workers' Compensation Insurance

Coverage for all employees in accordance with the laws of the State of Nebraska

Professional Liability Insurance

Minimum Coverage \$1,000,000 per occurrence

2. All policies shall identify the Airport Authority as an additional insured (except Workers' Compensation and Professional Liability (Errors & Omissions)) and shall provide that the Airport Authority shall receive written notification at least 30 days prior to the effective date of any amendment or cancellation. Certificates evidencing all such coverages shall be provided to the Airport Authority upon the execution of this Agreement. Each such certificate shall specifically refer to this Agreement and shall state that such insurance is as required by this Agreement. Failure to provide or to continue in force such insurance shall be deemed a material breach of this Agreement and shall be grounds for immediate termination by the Airport Authority.

K. AGREEMENT:

1. The owner reserves the right to terminate this Agreement if the Contractor's performance is not acceptable.
2. This Agreement shall become a valid contract only when accepted by both the Contractor and the Owner. The Request for Proposal and Contractor's Proposal Form are attached hereto for additional specifics and are hereby incorporated in this Agreement by reference. This shall constitute the entire Agreement between the parties.
3. All notices required by the Agreement shall be sent to the legal address listed below to the attention of Nancy Wordekemper, Properties & Procurement Manager.
4. If not a current vendor of the Omaha Airport Authority, Contractor will complete a Vendor's Packet provided by the Omaha Airport Authority upon award of the contract. Payment will be issued within 60 days of receipt of an invoice and required documentation. Invoices must be sent to accountspayable@flyoma.com for payment.
5. If this Agreement differs from the Contractor's Proposal Form, this Agreement applies.

Contractor's Proposal Form

APPENDIX 1
SECTION 11 82 26
FACILITY WASTE COMPACTORS - EN

PART 1 - GENERAL

1.1 SUMMARY

- A. This Section includes waste compactors.

1.2 ACTION SUBMITTALS

- A. Product Data: For each type of product indicated. Include rated capacities, operating characteristics, furnished specialties and accessories, and finishes.
- B. Shop Drawings: For each installation and for special components not dimensioned or detailed in manufacturer's product data. Include plans, elevations, sections, details, and attachments to other work.
 - 1. Detail equipment assemblies and indicate dimensions, weights, loads, required clearances, method of field assembly, Components, and location and size of each field connection.
 - 2. Coordinate with Drawings for side or front loading of compactors.
 - 3. Equipment access points and required space for equipment service and operation.
 - 4. Setting drawings, templates, and instructions for installing anchor bolts and other anchorages.
 - 5. Wiring Diagrams: For power, signal, and control wiring.

1.3 INFORMATIONAL SUBMITTALS

- A. Qualification Data: For qualified Installer.
- B. Product Certificates: For each type of waste compactor, from manufacturer.
- C. Field quality-control reports.
- D. Operation and Maintenance Data: For waste compactors to include in operation and maintenance manuals.

1.4 QUALITY ASSURANCE

- A. Installer Qualifications: Manufacturer's authorized representative who is trained and approved for installation and maintenance of units required for this Project.
 - 1. Maintenance Proximity: Not more than one hour(s') normal travel time from Installer's place of business to Project site.
- B. Waste-Compactor Standards: ANSI Z245.21 including annexes and NFPA 82.

- C. Waste-Container Standards: ANSI Z245.30 and ANSI Z245.60.

1.5 WARRANTY

- A. Special Warranty for Waste Compactors: Manufacturer's standard form in which manufacturer agrees to repair or replace waste compactor components that fail in materials or workmanship within specified warranty period.
 - 1. Failures include, but are not limited to, the following:
 - a. Structural failures including cracked or broken structural support members, load-bearing welds, and front and rear hinges.
 - b. Faulty operation of operators, control system, or hardware.
 - c. Hydraulic system failures including failure of hydraulic seals and cylinders.
 - 2. Warranty Period for Structural Assembly: 3 years.
 - 3. Warranty Period for Operators, Control system and Hardware: 3 years.
 - 4. Warranty Period for Hydraulic System: 3 years.
 - 5. Warranty shall be for unlimited usage of waste compactor for the specified rated capacity over the term of the warranty.

PART 2 - PRODUCTS

2.1 WASTE COMPACTORS

- A. Waste Compactor: Manufacturer's heavy-duty stationary-horizontal-type self-contained, roll-off waste compactor, complying with requirements and with components, options, and accessories needed to provide a complete, functional system.
 - 1. Compactor Capacity; 2 cubic yard
 - 2. Side Feed Doghouse w/ Safety Interlock-Two (2) doors (one per each side)
 - 3. Container Capacity; 30 cubic yards
 - 4. Standard Understructure Double End Pick-up Frame Pull with Ramp
 - 5. Main Controls – Mounted on Control Panel
 - 6. Color – Coded Pressure/Monitor Gauge – mounted
 - 7. Advance Full Load Indicator
 - 8. All Temp Oil
 - 9. Breaker Bar Teeth (3) Hinged
 - 10. Power Unit Weather Shield
 - 11. Paint – Customer's Choice of one (1) color by type provided by manufacturer
 - 12. Hose Stands
 - 13. All Temperature Hydraulic Fluid
 - 14. Oil Heater
 - 15. Motor: Electric
 - 16. Voltage: 120 VAC.
 - 17. Remote Controls:
 - a. 3 button: Start, Stop, Reverse.
 - b. UL approved cabinet enclosure and power disconnect, with control stand.

- B. Storage containers, rectangular heavy duty cable roll-off type:
 - 1. Size: 30 cubic yards.
- C. Accessories:
 - 1. Container Guide Islands and Stops
 - 2. Steel security chute assembly; 11 gauge; with trim, collar, latch, and lock
 - 3. Paint, Freight, Current Steel Surcharge, Complete Installation and Safety Training

2.2 FABRICATION

- A. Fabricate waste compactors with smooth, eased, exposed edges to prevent injury to persons in vicinity of the equipment.
- B. Fabricate containers, hoppers, compaction chambers, unit bodies, and similar components of steel with welded joints. Reinforce with steel members sized and spaced to withstand impacts and pressures of normal operations and to prevent deformation.
- C. Fabricate equipment with replaceable parts at points of normal wear.

PART 3 - EXECUTION

3.1 EXAMINATION

- A. Examine areas and conditions, with Installer present, for compliance with requirements for installation tolerances, clearances, service rough-ins, and other conditions affecting performance of waste-compactor work.
- B. Examine walls, floors, and adjacent areas for suitable conditions where each waste compactor will be installed.
- C. Prepare written report, endorsed by Installer, listing conditions detrimental to performance of the Work.
- D. Proceed with installation only after unsatisfactory conditions have been corrected.

3.2 INSTALLATION

- A. Install waste compactor according to manufacturer's written instructions, ANSI Z245.2, and ANSI Z245.21 including annexes

- B. Set waste compactors level, plumb, properly aligned, and securely in place. Anchor as required for secure operation.

3.3 FIELD QUALITY CONTROL

- A. Perform tests and inspections.
- B. Manufacturer's Field Service: Engage a factory-authorized service representative to inspect components, assemblies, and equipment installations, including connections, and to assist in testing.
- C. Tests and Inspections:
 - 1. Perform installation and startup checks according to ANSI Z245.21, Annex D, "Tests for Evaluation of Equipment and Performance," and manufacturer's written instructions.
 - 2. Test and adjust controls, alarms, and safetys. Replace damaged and malfunctioning controls and equipment.
 - 3. Verify unrestricted access to each firefighting access door or fire port required by ANSI Z245.21 and NFPA 82 for compactor container(s).
 - 4. Verify correct locations, color-coding, and legibility of caution, warning, and danger markings.
 - 5. Certify compliance with test parameters.
- D. Waste compactor will be considered defective if it does not pass tests and inspections.
- E. Prepare test and inspection reports.

3.4 TRAINING

- A. Engage a factory-authorized service representative to train Owner's maintenance personnel to adjust, operate, and maintain waste compactors according to manufacturer's requirements and ANSI Z245.2.
- B. Provide minimum of 12 hours (3 shifts total) of classroom and hands-on training to OWNER Maintenance personnel.
